

# Crafty Kids

**Are you creative? Do you enjoy drawing, cooking, putting on plays and other creative outlets?**

**If yes then this is the program for you! Each day we will read from an exciting book and create a masterpiece that brings the stories to life. Some days we be able to eat our creations other days we will be able to perform them! The students will be able to pick between a few creative masterpieces to show off their interests! No experience needed, just creative enthusiastic minds!**

**Instructor:** Susan Natale is a school counselor at CFP Middle School and is a licensed social worker. She has worked in neighboring school districts at both the elementary school and middle school level. She also coaches for Unionville girl's lacrosse as the assistant varsity coach. She enjoys being creative and having fun, so come join her for some summer excitement!

## Math Magic, games to grow with!

This course is designed to make math fun and enjoyable. Inside the fun will be valuable learning and practice for students. Students will have the opportunity to learn through playing a variety of games that teach and reinforce basic math concepts on a 3<sup>rd</sup> and 4<sup>th</sup> grade level. Games will include concepts such as: subtraction, multiplication, division, measurement, probability, fractions, and more! Students will even leave the course with copies of many of the games we learn so they can continue to play and share with the whole family. *Tip: Come after your morning swim practice for some fun summer review or stay after another summer enrichment academy for an extra couple hours!*

**Instructor:** Kathryn Markloff is a 4<sup>th</sup> grade teacher at Pocopson Elementary. She has taught 1<sup>st</sup>, 3<sup>rd</sup>, and 4<sup>th</sup> grades and loves spending her days in the classroom!
